My Money 360° Quick Start Guide

Dashboard

See which spending category you have spent the most in so far this month.

Step 1: Select other parts of the wheel to see other major category spending. Your transactions will categorize themselves with 'tags'.

Step 2: To personalize these categories, or split the transaction between tags, select the transaction and edit the tag.

Step 3: When you select a transaction from the dashboard you can also change the name of the transaction, create a budget or add a recurring transaction to your Cashflow Calendar.

The "New Budget" screen has a dark blue header with a back arrow and the text "New Budget". Below the header, there are three numbered steps: 1. Choose which tags to track, 2. Choose the name & amount, and 3. Choose accounts. Step 1 is currently active. It includes the instruction "Select the tags for the transactions you want to track. Below each of the tags is the average monthly amount." There are four checkboxes with labels and amounts: "Appliances \$0", "Auto \$0", "Auto Expense \$0", and "Baby Expenses \$0". A "SHOW MORE" link is visible below the checkboxes. A "NEXT" button is at the bottom of the step.

New users can look at the insights for guidance on what to budget based on spending.

Step 4: You can change the name, amount, tags, and accounts associated with this Spending Target from here.

The "Create An Income" screen has a dark blue header with a back arrow and the text "Create An Income". Below the header is the "Income Info" section. It contains four input fields: "Name *" with an example "Paycheck, Tips, Social Security", "Amount *" with a value of "\$ 0.00", "Frequency" with a dropdown arrow, and "Start On Date" with a value of "Apr 29, 2019". At the bottom are two buttons: "SAVE" and "CANCEL".
