ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Savings, Cuga Kid's Club, Secondary Savings, High-Dividend Savings, Youth High-Dividend Savings, IRA Savings (Variable), Coverdell Education Savings, Money Market, and dividend paying Checking accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union's Board of Directors. The dividend rates and annual percentage yields are the rates and yields as of the last dividend declaration date that is set forth in the Rate Schedule. High-Dividend Savings, Youth High-Dividend Savings IRA Savings (Variable), Coverdell Education Savings, and Money Market, accounts are tiered rate accounts. The balance ranges and corresponding dividend rates and annual percentage yields applicable to each tier are disclosed in the Rate Schedule. For tiered accounts, once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account. High-Dividend Checking accounts are tiered rate accounts. Please refer to section 2 for additional details about these accounts.

2. HIGH-DIVIDEND CHECKING ACCOUNTS — For High-Dividend Checking accounts, you may qualify for a

higher dividend rate and annual percentage yield if you meet the applicable minimum qualifications requirements for the month qualification cycle. To meet the minimum qualification requirements you must: a) receive at least one posted and settled direct deposit; b) have an average daily balance of \$2,500.00 or greater; c) conduct at least 15 debit card transactions totaling \$500.00 or greater that posted and settled your account; and d) be 18 years of age or older. The monthly qualification cycle is defined as the period of the first calendar day of the month through the last calendar day of the month. Account Transactions may take one or more business day from the date the transaction was made to post and settle to the account. All transactions must post and settle during the monthly qualification cycle in order to qualify for the high dividend rate and annual percentage yield. If you meet the minimum qualifications requirements during the monthly qualification cycle, the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply if your balance is \$0.00 to \$25,000.00. The second dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply if your balance is \$25,000.01 or greater. Each dividend rate will apply only to that portion of the account balance within each balance range. If you do not meet all of the minimum qualification requirements during the monthly qualification cycle, the third dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply to the entire balance in your account.

3. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

4. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.

5. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For all earning accounts, if you close your account before accrued dividends are credited, you will not receive the accrued dividends.

6. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a regular savings account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Money Market, and CU Rewards + Dividends Checking accounts, there is a minimum daily balance required to avoid a service fee for the dividend period. If the minimum daily balance requirement is not met, you will be charged a service fee as stated in the Schedule of Fees and Charges. *For CU Rewards +

Dividends Checking accounts, the monthly service fee can also be waived if you have \$50,000.00 in combined deposits and loan balances per individual membership. For Regular Savings, Cuga Kid's Club, IRA Savings (Variable), Coverdell Education Savings, Money Market, and CU Rewards + Dividends Checking accounts, there is a minimum daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum daily balance requirement is not met, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the daily balance method as stated in the Rate Schedule, dividends are calculated by applying a daily period rate to the principal in the account each day. For accounts using the average daily balance method as stated in the Rate Schedule, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

7. ACCOUNT LIMITATIONS — For Regular Savings, Cuga Kid's Club, Secondary Savings, Share Secured Credit Card Savings, High-Dividend Savings, Youth High-Dividend Savings, and Money Market accounts, you may make no more than six (6) transfers and withdrawals from your account to another account of yours or to a third party in any month by means of a preauthorized, automatic, or Internet transfer, by telephonic order or instruction, or by check, draft, debit card or similar order. If you exceed these limitations, your account may be subject to a fee or be closed. For Coverdell Education Savings accounts, a maximum of \$2,000.00 may be contributed annually. For IRA Savings (Variable), Simply Checking, Free Youth Checking, Free Checking, High-Dividend Checking, CU Rewards Checking and CU Rewards + Dividends Checking accounts, no account limitations apply.

8. FEES FOR OVERDRAWING ACCOUNTS — Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and everyday Debit Card transaction (if member has opted-in to the Reg E Opt-In Agreement for ATM and every day Debit Card transactions), preauthorized automatic debit or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Membership and Account Agreement and Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each

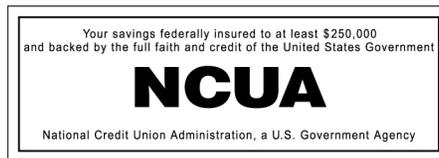

overdraft, regardless of whether we pay or return the draft, item or transaction. If you have Courtesy Pay on your account, such fees may reduce your approved limit. Please refer to the Schedule of Fees and Charges for current fee information. For ATM and everyday Debit Card transactions, you must opt-in to the Reg E Opt-In Agreement in order for the transaction amount to be covered under the plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the credit union uses to capture the member's opt-in choice for Reg E compliance and the Schedule of Fees and Charges.

9. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.

Par Value of One Share	\$10.00
Number of Shares Required	1

10. RATES — The rates provided in or with the Rate Schedule are accurate as of the last dividend declaration date indicated on this Truth-in-Savings Disclosure. If you have any questions or require current rate information on your accounts, please call the Credit Union.

11. FEES — See separate Schedule of Fees and Charges for a listing of fees and charges applicable to your account(s).

ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all accounts, the dividend rate and annual percentage yield are fixed and will be in effect for the initial term of the account. For accounts subject to dividend compounding, the annual percentage yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. DIVIDEND PERIOD — For each account, the dividend period is the account's term. The dividend period begins on the first day of the term and ends on the maturity date.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends are stated in the Rate Schedule.

4. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a Regular Savings account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For all accounts, dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

5. ACCRUAL OF DIVIDENDS — For all accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For all accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.

6. TRANSACTION LIMITATIONS — For all accounts, your ability to make deposits to your account and any limitations on such transactions are stated in the Rate Schedule. After your account is opened, you may make

withdrawals subject to the early withdrawal penalties stated below.

7. MATURITY — Your account will mature as stated on this Truth-in-Savings Disclosure or on your Account Receipt or Renewal Notice.

8. EARLY WITHDRAWAL PENALTY — We may impose a penalty if you withdraw funds from your account before the maturity date.

a. Amount of Penalty. For all accounts, the amount of the early withdrawal penalty is based on the term of your account. The penalty schedule is as follows:

Terms of 12 months or less	90 days' dividends
Terms of 13 - 24 Months	180 days' dividends
Terms of 25 months or longer	365 days' dividends

b. How the Penalty Works. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal.

c. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances:

- (i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.
- (ii) Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after the establishment of the account; or where the account is a Keogh Plan (Keogh), provided that the depositor forfeits an amount at least equal to the simple dividends earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 59½ or becomes disabled.

9. RENEWAL POLICY — The renewal policy for your accounts is stated in the Rate Schedule. For accounts that automatically renew for another term, you have a grace period of ten (10) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

10. NONTRANSFERABLE/NONNEGOTIABLE — Your account is nontransferable and nonnegotiable.

11. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.

Par Value of One Share	\$10.00
